CAUTION! WIRELESS NETWORKING: PREVENTING A DATA DISASTER

An orange rectangular button with rounded corners. On the left, the word "DOWNLOAD" is written in white, uppercase, sans-serif font. On the right, there is a white circular icon containing a black download symbol (a square with a downward-pointing arrow).

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Caution! Wireless Networking: Preventing a Data Disaster, Jack McCullough, At last, a book dedicated to alleviating the fears that users may have about the security of their wireless home network. This no-nonsense guide is for wireless home networkers who want to protect their data from hackers, crackers, viruses, and worms. Written in non-technical language that's perfect for both novices and intermediate users, this book offers a brief introduction to wireless networking and identifies the most common internal and external pitfalls-and ways to avoid and correct them. The ideal reference for computer users with a wireless network who need facts separated from fiction to learn what is necessary to protect their networks Real-world examples help demystify viruses, worms, cryptography, and identity theft, while expert advice, cool techniques, and step-by-step instructions give readers the know-how they need to secure a WLAN and protect their privacy Covers the latest computer security threats and countermeasures, addressing problems that older titles do not cover, particularly in the areas of virus protection.
