Brand New Book ***** Print on Demand *****.Excerpt from Topographic and Geologic Survey of Pennsylvania, Vol. 6: Graphite Deposits of Pennsylvania Hon. G. W. McNees, Chairman, and Members of the Topographic and Geologic Survey Commission: Gentlemen: I have the honor to transmit herewith the manuscript and illustrations of a report on the Graphite Deposits of Pennsylvania, prepared by Dr. Benjamin L. Miller, and recommend its publication as report No. 6. This is one of a series of reports on the lesser mineral deposits of the State, others being in press and in preparation. In the work of the Second Geological Survey little attention was given to these less important minerals, and their economic value at that time would hardly have justified the necessary investigations during the active years of that Survey. Since the time of the Second Survey many attempts have been made, with more or less success, to open, develop and work many of the deposits of these less important minerals and inquiries are being frequently made regarding them by parties within the State and elsewhere. It seems right therefore that the available data should be collected and placed in such shape as to properly answer these inquiries and furnish the information desired. It is believed the accompanying report is one that will be appreciated by all interested in the subject of Graphite, both in Pennsylvania and elsewhere. The fact that so many attempts to work the deposits in this State have been failures, at least financially, is pointed out by Dr. Miller, and I think he makes the fact equally clear that these failures have been largely due to the promoter, rather than the character of the deposits. It is of course...
