The Land of Mist was called Niflheim, and here eternal winter reigned with fog and snow and darkness that wrapped the dreary land about like a shroud. From the heart of Niflheim there flowed a dark, tumultuous river, and as it rushed down into the chasm at its edge, the waters met the cold blasts that swept up from below, and great mountains of ice were formed on the side of the gulf over which the chill fogs gathered and the bitter winds blew.
