ENGLISH FOR HEALTH SCIENCES

Cengage Learning, Inc. Paperback. Book Condition: new. BRAND NEW, English for Health Sciences, Kristin Johannsen, Josephine O'Brien, Martin Milner, Hector Sanchez, Ivor Williams, The purpose of "English for Health Sciences" is to empower students with the language and life skills they need to carry out their career goals. To this end it provides ample opportunities for students to build awareness and practice the language in real-life scenarios. Its integrated skills approach develops the student's self-confidence to survive and succeed in professional and social encounters within an English-speaking global community. Health Science majors will immediately be motivated by the opportunity to prepare for their future careers by practicing their English language skills in the following job-related scenarios: Diagnosing - Putting a patient at ease with small talk, taking a medical history, asking open-ended questions, presenting a case, and explaining medical tests and procedures to a patient; Treating a patient - Giving advice, explaining a case to a relative, explaining causes and treatments, giving discharge instructions, and calming people down; and, Dealing with critical patients - Describing and identifying causes of pain, recognizing and adopting supportive intonation, presenting a case in lay as well as medical terms, and breaking bad news. It also includes: Assisting in rehabilitation and long-term care - Examining a non-verbal patient, communicating with the next of kin, explaining test results to patient and relatives, explaining the conditions of long-term care, and giving instructions for physical therapy; and, Referring a patient - Calling in a specialist, referring a patient to another doctor for tests and/or treatment, and giving post-operative advice.
