This latest offering is packed full of information on EMP survival. This book exposes how vulnerable we really are to an EMP, it explains the different types of EMP, tells you how society would most likely react to an event like this happening, how long it would take the country to recover and exactly how you can survive until order is restored. The information in this book will give you a huge advantage over everyone else if a powerful EMP ever were to hit us. It will probably even give you an advantage over a lot of other Preppers seeing as this book also dispels some of the common myths and misconceptions surround EMPs that most people believe.
